

BAD CUTTING AFFRAY

Sherman Bryan Stabbed J. Casey and the Latter Will Die

Yesterday evening between seven and eight o'clock Sherman Bryan, a rancher living not far from Lakeview in Washoe county had an altercation with J. Casey, another rancher who lives near there.

As near as can be gathered the dispute arose out of the right of Bryan to drive cattle across the Mingo ranch, which had been leased by Casey.

Bryan was asked not to drive his cattle there but paid no attention to the request and yesterday Casey went over to the Bryan ranch to further protest and a quarrel ensued.

Bryan was badly intoxicated and finally went into the house and came out with a shot gun and a dirk knife.

Casey immediately closed with Bryan, antagonist and a struggle ensued for the possession of the gun.

Casey finally succeeded in twisting it out of his hands but the instant Bryan let go of the gun he drew the dirk and plunged it into his adversary's stomach twice.

A fierce struggle then followed for the possession of the knife and the blade was finally broken.

Casey, although wounded inflicted considerable damage upon his man but nothing serious and the wounded man next started down the road looking for assistance. He finally dropped in the road from weakness but not until he had walked two miles.

An Italian woodman found him in dying condition and securing help for him to the Miner ranch where he now lies in a dying condition.

Last evening Drs. Berry and Merkle went down to attend him.

There were two ugly wounds in the stomach on each side. From one the entrals protruded a foot and from the other the fatty tissue was protruding the size of a cauliflower.

His right hand was also badly cut where he had seized the knife.

There was no eternal hemorrhage at the entrals were turning black and the mans chances of recovery are very slim.

There has been bad blood between the men for years.

The affair took place in Washoe county and Bryan, who has generally been called Bryant in this section, has been taken to Reno under arrest pending the outcome of the case. Rev. J. H. Garland has administered the sacrament to the dying man.

U. S. COURT

Justice Hawley Will Render Decisions Monday

On Monday morning at ten o'clock Justice Hawley, will render decisions in the United States Circuit Court in the following cases: Jones vs. Patrick vs. Southern Pacific (motion for new trial); United States vs. Benson (exceptions to bill of complaint); and Nash et al. vs. McQuinn et al. (motion to remand on writ of Manhattan-Dexter and Manhattan-Union Mining Companies).

The Atlas All Right

The following was received by the Controller yesterday from the atlas office in New York. "We are imperfect information in our possession we believe that our losses in Francisco will not exceed a hundred and a quarter."

School Entertainment

The house warming at the new public school building this evening is to be more than the mere introduction to the new surroundings, as the following program is to be rendered. The north door will be used as an entrance. The entertainment begins at 8 o'clock.

Part 1

1. Remarks Mr. Roberts
2. Mandolin Club
3. Solo Mr. Considine
4. Recitation Miss Barkley
5. Instrumental Duet Mr. Platt & Miss Herrick

Part 2

1. Solo Mrs. Slingerland
2. Solo Miss Wiard
3. Mandolin Club

The Democrats won a big victory in their city election in Omaha. It was the biggest majority in many years for the Democratic ticket.

Nearly all the spring in California have increased in temperature since the quake. They have affected the Nevada warm springs.

CITY BEAUTIFUL

Carson Rightfully Claims to Be the Garden City

Carson City is at the present time a sight worth the visitors time to inspect. Through the thoughtfulness of the early settlers this city was planted to a variety of trees that show a score of handsome blossoms, and nearly every yard can boast of a bouquet that is hard to surpass.

The absence of a frost allowed every fruit tree to show its true color and many of the flowering shrubs are out in full bloom. The air is heavily laden with the odor of the blossoms and from one end of the town to the other is a vast array of things beautiful, that makes the layman glad that he is in Nevada.

This is not regarded as a fruit section on account of the high altitude, but when nature does make demonstrations as she has this year it surpasses the expectation of the home people and must be a joyous surprise to the visitor. Take a look about town tomorrow and be convinced that the clear air if Nevada, the snow clad hills in the back ground, makes a picture that no other section on earth can surpass. There is nothing like it.

A NEW FAD

Carson Ladies Will Diet to be Beautiful.

It is now a settled thing in the fashionable world that fasting will be the next fashionable fad. Mrs. S. will first fast two days and then the other ladies will lock her over and if she is making progress and can stand it she will find out from the other ladies how much she is improving in beauty and go ahead for another week. If she is still improving she will go ahead and eat nothing as long as her beauty continues to improve. Then the rest will fall in line and Carson will have all the good looking women in Nevada right here at home. The Appeal can just imagine a lot of Carson ladies telling the first faster how she looks. "Oh Mrs. S. how lovely." "Such an improvement." "Oh my I'm dying to get a chance to fast myself." "I'll not eat a bean for a week" and outside the door we hear it something like this. "My wouldn't that kill you" "If she fasted a year it might help" etc. etc.

The ice cream parlors of Carson are doing a rushing business.

The Journal has raised nearly \$1500 for the sufferers fund in Reno.

The young ladies of Reno are getting ready to give a negro minstrel show.

The Tahoe season will open early this summer. Already the snow is disappearing from the resorts and things are being put in readiness for the pleasure seekers.

BIG COPPER STRIKE

Black Oxide That Returns Astonishing Values Near This City

Probably the most interesting and valuable copper strike that has been made in Western Nevada in many years has lately been uncovered within six miles of this city. The affair has been kept quiet until the original locators took what ground they wanted, but yesterday several specimens and assays were shown which awakened a general interest and several parties left for the scene of discovery.

The ore which is red and black oxide of copper has failed to attract the attention of the prospectors, in fact they have passed over the belt for years and never thought to assay or test the formation. An assay made a few days ago across ten feet gave an average of twenty-five per cent copper, while picked specimens show fifty per cent.

The discovery was made by Mr. Crow of Brunswick, and he has traced the ledge for over one thousand feet. Holes have been sunk on the ledge in a score of places and the same character of ore and formation is revealed in every instance. The fact that the ore is an oxide and does not show the high colorings of the usual character of copper has kept the prospectors from digging and for this reason the district has been overlooked. Black oxide is a rare and rich variety of copper and is not generally found. The formation's devoid of vegetation and this is what attracted Mr. Crow's attention to it. His first assay resulted in returns that show it one of the most valuable deposits in any section.

Yesterday several parties left for the find. One of them a copper man. The lowest assay from the grass roots returned ten per cent, which is shipping variety. It is safe to say that this showing will result in the hill side being plastered with locations before Monday morning.

The find is about six miles east of this city in the big range across the river. Small deposits of copper have been uncovered there for years, but nothing of the magnitude of the present find. Several Carsonites are interested with Mr. Crow, in the find and they will turn a deal in short notice, as this character of ore is in demand by the smelting people. It looks like a second Ely at our door steps.

EAGLE BALL

Will Be an Event That No One Should Miss

The time is getting short for preparations for the Eagles ball, but the committees have matters well in hand and expect to entertain their guests in first class style.

The opera house has been leased by them for the occasion and the floor will be put in perfect condition. It is next Friday evening that the great event occurs. Carson City aerie, No. 1006, invites all its friends to be on hand.

Arrangements have been made to serve supper at the Arlington grill.

Registering Lobbyists

ALBANY, New York, May 4.—A minister of the gospel has been the first to comply with the Armstrong law relative to lobbying. The Rev. A. S. Gregg to-night filed a certificate with the Secretary of State acknowledging himself to be a lobbyist.

Dr. Gregg, as field secretary of the International Reform Bureau, has been "lobbying" for over two months in the interests of the Cassidy-Lansing Anti-Race-Track Gambling bill. Half a hundred other lobbyists regularly employed here have so far evaded registering. Dr. Gregg's certificate is as follows.

"Hon John F. O'Brien, Secretary of State: I wish to be registered as a 'legislative agent' under the provisions of the act of 1906, known as Senate bill No. 1156. Corporation represented International Reform Bureau, Washington, D. C. Purpose, the promotion of legislation to suppress gambling and other forms of vice.

"A. S. GREGG, Field Secretary"

Dr. Gregg's statement of remuneration and expenses must be filed two months after the close of the session.

Last Tuesday and Wednesday the deposits in the Reno banks exceeded the withdrawals by \$900,000.

A big redwood tree in Salinas Valley, Cal., sunk 200 feet during the recent earthquake.

Ed. Burlington's Exclusive Shoe St

Here's a Tip Worth Taking

Next time you need clothes, remember that garments made to your order by the so-much-talked-about International Tailoring Co., of New York, Chicago and San Francisco, costs no more than ordinary ready-mades of the better grades.

And when you see what perfect-fitting, stylishly-cut, finely-finished garments they turn out for comparatively so little money, you'll wonder how any man can buy ready-made clothes instead of having this famous firm, the largest custom tailoring concern in the world, make them to measure for him.

WE REPRESENT THE INTERNATIONAL TAILORING CO.

because we know how reliable they are and how successfully they meet our customers' wishes.
